CHAIRMEN'S MESSAGE

DEAR READER,

I am delighted to share the inspiring journey of Samadhan Group, a testament to our unwavering commitment to nurturing entrepreneurs across India. As a Chartered Accountant, I recognized the critical need to empower individuals with the skills to navigate the complexities of the 21st century.

Founded in 1999, Samadhan Group has evolved into a respected organization dedicated to realizing India's aspirations. Our mission is clear: to foster entrepreneurship and create job creators in a nation.

The Central focus of our efforts is the Institute for Industrial Development core of our efforts lies the Institute for Industrial Development (IID), a catalyst for budding entrepreneurs. IID enlightens individuals about business opportunities and government schemes, guiding them through a meticulous process.

Our flagship initiative, Udyami, supports entrepreneurship under the Prime Minister's Employment Generation Programme (PMEGP), offering online development programs and continuous support.

Hunar India, another pioneering initiative, provides invaluable guidance for students and aspiring entrepreneurs, turning business dreams into reality.

Samadhan Group has played a pivotal role in establishing over 100 startups across India, offering mentorship from ideation to market penetration. Our commitment to environmental stewardship is evident in our support for Greenfield Projects, focusing on renewable energy and waste management.

At Samadhan, we believe in giving back, actively engaged in social initiatives, including consultation services to Self-Help Groups (SHGs) and Farmer Producer Organizations (FPOs). I invite you to join us in our mission to cultivate entrepreneurs and contribute to India's growth story.

SAMADHAN GROUP

At the forefront of Entrepreneurship Development throughout the Country

Samadhan holds a prominent position within the realm of entrepreneurship and skill development, actively cultivating an environment conducive to entrepreneurial upskilling across the nation. This is achieved through a multitude of proprietary initiatives as well as collaborative projects involving diverse governmental, public, and private entities. Our mission at Samadhan is to empower the youth of our nation, enabling self-employment and fostering self-reliance. We are dedicated to propelling growth across diverse sectors, advocating for local entrepreneurs, and contributing to the development of a self-sufficient India under the visionary banner of "Atma Nirbhar Bharat Abhiyan".

Our Prominent Projects

Institute for Industrial Development (IID) is an incubator with the Government of India, Ministry of Micro, Small and Medium Enterprises (MSME) under PPP Model, and the Department of start-ups, an initiative by the Government of Uttar Pradesh. Samadhan Samiti is a social enterprise registered in year 1999, and IID is a unit of Samadhan Samiti.

IID nurtures the entrepreneurs virtually from the ideation phase to the establishment of a business enterprise. We provide single window support to the "First Generation Entrepreneurs and Young Educated Youth by a step-by-step roadmap for establishing a business enterprise or becoming an industry-ready professional. We are also working for unemployed youth to make them industry-ready through various skill development programs. We have a unique incubation process through regular live workshops, seminars, industrial documentaries, skilling, professional, and expert episodes on our portal "www.iid.org.in", "Entrepreneur India TV" YouTube Channel, and "Entrepreneur India Live" mobile application for entrepreneurs in India.

Udyami is Khadi and Village Industries Commission EDP Training Platform for Prime Ministers Employment Generation Programme (PMEGP) Scheme, that has been developed, hosted and managed by Samadhan Samiti with an aim to help all applicants with the training requirement under various topics related to the industrial and business domain. This will help them to become a successful entrepreneur. The objective of EDP training program is to nurture candidates in such a way that they can achieve success in their ventures or conversely reduce probability of failure. The candidates will get all the training content, information and compliance details on a single click even after completion of required mandatory training programme.

KVIC, the nodal Agency of PMEGP and other schemes of the Ministry of Micro, Small and Medium Enterprises (MSME) has implemented this online solution of EDP training with Samadhan for PMEGP beneficiaries and non-PMEGP beneficiaries. The online training can be taken through registering with udyami's online E-Learning portal at desktop or mobile platforms.

Udyam Sarathi Mobile application is a mobile platform for UP Government's One District, One Product Programme which aims to encourage numerous indigenous and specialized products and crafts. That are unique to Uttar Pradesh's traditional artisanship and regional identity. There are products in UP that are found nowhere else, many of these products are GI-tagged, which means they are recognized as being specific to that region in Uttar Pradesh. Many of these were also dying community traditions that are now being revived through modernization and government intervention.

Other districts and states having these region-specific industries is also a possibility. However, these products are still unique to those regions of Uttar Pradesh. Asafoetida, desi ghee, fancy glassware, bedsheet, jaggery, leather goods - the districts that specialize in these crafts are in Uttar Pradesh, and you might already own or use a made in Uttar Pradesh product without knowing it. These are also small and medium industries that need modernization, machinery and productivity enhancement.

Hunar India, which is a platform developed, managed & operated by OL Expert Private Limited (OL Expert), in association with National Skill Development Corporation (NSDC) is a pioneer platform, which lays the blueprint of a self-reliant nation fostering skill development and entrepreneurship in every household. Hunar India is a flagbearer of the common mission and vision of NSDC & OL Expert which is to catalyzes entrepreneurship oriented skill development through knowledge dissemination.

In line with our objectives, Hunar India targets to fulfil the growing need for manpower in India across various sectors. Its major focus is to develop an entrepreneurship oriented skill development ecosystem. The germination of the entrepreneurial spirit begins from early years through comprehensive learning modules, mentorship and industry training. Hunar India makes a bold attempt of giving new heights to entrepreneurship in India via it's well researched and tested pedagogies armed with well-designed course content and industry insights.

Biz Consultancy, we redefine consulting as a gateway to empowerment. A prominent project of Samadhan Group, we envision a world where expertise is democratized and accessible to all. Our platform bridges the gap between seekers and providers of expert guidance, offering seamless access to a diverse spectrum of industries and professionals. Our services include expert consultation, document locker for secure information storage, exclusive expert videos, and skill enhancement courses. Select your expertise, schedule a consultation, and connect effortlessly for invaluable insights.

Entrepreneur India TV, a prominent YouTube channel, is under the ownership and management of our Social Enterprise, Samadhan Samiti. Catering to the entrepreneurial and business community in India, the channel has garnered substantial popularity. Its content portfolio is diverse and informative, encompassing interviews with accomplished entrepreneurs, industrial documentaries, success stories aimed at guiding aspiring business ventures, and comprehensive business news coverage and analysis of the burgeoning Indian startup ecosystem.

Samadhan Samiti, our driving force, is committed to promoting entrepreneurship and fostering a culture of innovation. Through Entrepreneur India TV, we strive to empower and educate individuals embarking on their entrepreneurial journey. The channel acts as a valuable resource hub, offering insights, experiences, and knowledge to help entrepreneurs navigate the dynamic business landscape of India.

Har Ghar Startup at Tata Play Platform, owned by FTC OLE Network LLP, is a joint venture of OL Expert Private Limited and FTC Talent Media & Entertainment Private Limited. It supports budding entrepreneurs with industry knowledge, entrepreneurship tutorials, startup stories, and government aids. The platform offers concrete business ideas and real-life stories of entrepreneurs for inspiration.

Samadhan Digitech, a part of the renowned Samadhan Group, conceived to meet the growing demand for IT solutions in the digital age. With a focus on providing top-notch products and services, we specialize in advanced web applications and high-quality website development.

BUSINESS पाठशाला

Business Pathshala, aimed at revolutionizing entrepreneurship in India. Drawing upon our expertise in business incubation processes, we guide entrepreneurs through their journey, offering crucial insights and mentorship. The Indian business landscape lacks formal education in entrepreneurship, and Business Pathshala fills this void by offering structured learning, practical guidance, and expert support. Enrolling in Business Pathshala means becoming part of a community of like-minded individuals, providing valuable connections and curated insights essential for navigating the complexities of entrepreneurship.

Our Ventures

Samadhan Samiti is a social enterprise via which, we design and deliver our social contribution in nation building to ensure a sustainable and prosperous future for all. Entrepreneurship has been considered the backbone of economic development. It has been well established that the level of economic growth of a region largely depends on the level of entrepreneurial activities within said region.

Myth that entrepreneurs are born, no more holds good, rather it is well recognised now that the entrepreneurs can be created and nurtured through appropriate interventions in the form of entrepreneurship development programmes. As part of our social services, various Entrepreneurship Development Programmes (EDP) are being organized regularly to nurture the talent of youth by enlightening them on various aspects of industrial activity required for setting up their business.

OLExpert Private Limited is a company incorporated under the Company's Act 2013, which develops various courses & learning material for school students, college students & working professionals, along with marketing of said training & learning material, which has been developed by itself or others on contract basis.

OL Expert is also a Master Business Partner of Samadhan Samiti, having all its marketing, branding & sales rights on exclusive basis. OL Expert is also one of the India's pioneer institutions in field of virtual, vocational & industrial education. OL Expert is a gateway to innovative education where an aspirant's, innate talent, skills, professional qualification, and subject knowledge in schools as well as colleges, are identified, cultivated & enhanced. While people are waiting for this to happen, we lead the change with OL Expert.

Samadhan is offering full range of consultancy services under their Consulting entity "**Samadhan Associates Limited**" which includes project consultancy along with financial research & analysis, technical evaluation with valuation & survey work, advisory services in the fields of financial & legal matters, taxation consultancy in direct & indirect taxation, company law matters and various allied services.

The company has vast pool of Consultants, Chartered Accountants, Company Secretaries, Accountants, MBAs, Advocates, Technocrats, Architects etc.

Samadhan Digitech is an IT driven, employee-supportive, client-centered, result-oriented software services company based in Delhi, India, under the umbrella of Samadhan Group. As modern age professionals we are passionate about our work. Our core job is to help our clients reduce their overheads and improve their efficiency. We put innovative thinking to work by understanding what drives your business and plan to make your budgets work their hardest.

अद्भुत, अतुलनीय और अनुकरणीय भारत

धर्म और राष्ट्र एक दूसरे के पूरक हैं। धर्म संस्कारों को बनाता है। राष्ट्र भाव स्वधर्म पर बलिदान की प्रेरणा देता है। आज हम अपनी अस्मिता और संस्कृति को भूल बैठे हैं, जिसको जागृत करना अति आवश्यक है। 'भारत माता' YouTube चैनल 'भारत समन्वय' लखनऊ द्वारा संचालित एक आध्यात्मिक चैनल है। जिसके द्वारा भारतीय संस्कृति और ज्ञान का प्रचार-प्रसार किया जाता है। इस चैनल के माध्यम से हमारा संकल्प है की भारतीय अतीत की अप्रतिम झांकी जनमानस को प्रेषित करें और भारतीय संस्कृति पर गौरवान्वित अनुभव करें। इसके अतिरिक्त इस चैनल की प्रेरणादाता पूज्य गुरुदेव स्वामी श्री सत्यमिलानन्द जी की अमृत वाणी का संकलन भी इस चैनल पर प्रसारित किया जाता है। भारत समन्वय परिवार सदैव ही भारतीय संस्कृति एवं सभ्यता को जनमानस के हृदय रुपी सागर में उदित करने के लिए तत्पर है। अपनी इस भावधारा से हमने कुछ महत्वपूर्ण विषयों को इसमें समाहित किया है।

श्रद्धा सहित झांकी करो, यह भव्य भारतवर्ष है अलकापुरी लज्जित हुयी, जिसका निरख उत्कर्ष है ॥

जिनमें मुख्य हैं अतुल्य भारतमहापुरुष, धार्मिक एवं ऐतिहासिक स्थल, प्रसिद्ध कवि एवं साहित्यकार, स्वतंत्रता सेनानी, मातृ शक्तियां, पर्व एवं त्यौहार
